

Hybrid Solar System Configuration			
Model	3KW System	5KW System	8KW System
Solar Panel 550W	6 Pieces	10 Pieces	20 Pieces
Photovoltaic Bracket	Design project by project		
Hybrid Inverter	3kw*1 pc	10kw*1 pc	8kw*1 pc
Battery	Customized		
PV Cable	100m	200m	400m
Connector	10 Pairs	10 Pairs	10 Pairs
Tools Bag	1 Set		
Note:The system configuration for Initial designing, and the system configuration are subject to changing depends on your final Installation conditions and requirements. for more details, please send your inquiry to our Team.			

Hybrid Solar System Configuration			
Model	10kw System	15KW System	20KW System
Solar Panel 580w	18 Pieces	26Pieces	35 Pieces
Photovoltaic Bracket	Design project by project		
Combiner Box	6 inputs 2output	6 inputs 2output	8 inputs 2output
Battery	Customized		
Hybrid Inverter	10kw*1 pc	15kw*1 pc	20kw*1 pc
PV Cable	200m	200m	300m
Connector	10 pairs	10 pairs	20 pairs
Tools Bag	1 Set		
Note:The system configuration for Initial designing, and the system configuration are subject to changing depends on your final Installation conditions and requirements. for more details, please send your inquiry to our Team.			

Hybrid Solar System Configuration	
Model	30KW System
Solar Panel 580w	52 Pieces
Photovoltaic Bracket	Design project by project
Combiner Box	9 inputs 3output
Battery	Customized
Hybrid Inverter	30kw*1 pc
PV Cable	400m
Connector	20 pairs
Tools Bag	1 Set
Note:The system configuration for Initial designing, and the system configuration are subject to changing depends on your final Installation conditions and requirements. for more details, please send your inquiry to our Team.
