

## Hybrid Solar System Configuration

| Model                | S-50KW-HS                 | S-60KW-HS | S-70KW-HS | S-80KW-HS | S-90KW-HS | S-100KW-HS |
|----------------------|---------------------------|-----------|-----------|-----------|-----------|------------|
| Solar Panel 590W     | 85PCs                     | 102PCs    | 120PCs    | 136PCs    | 154PCs    | 170PCs     |
| Photovoltaic Bracket | Design project by project |           |           |           |           |            |
| Hybrid Inverter      | 50KW*1PC                  | 60KW*1PC  | 70KW *1PC | 80KW *1PC | 90KW *1PC | 100KW *1PC |
| Battery              | Customized                |           |           |           |           |            |
| PV Cable             | 400m                      | 400m      | 400m      | 600mm     | 600m      | 600m       |
| Connector            | 100Pairs                  | 150Pairs  | 150Pairs  | 200airs   | 200Pairs  | 200Pairs   |
| Tools Bag            | 1 Set                     |           |           |           |           |            |

**Note:**The system configuration for Initial designing, and the system configuration are subject to changing depends on your final Installation conditions and requirements. for more details, please send your inquiry to our Team.
